**Jarden Consumer Solutions Establishes Its First Canada-based
JCS Community Fund to Benefit Local Charities**

Employee-Funded Entity Demonstrates Commitment to Brampton, Ontario Community

Brampton, Ontario (CANADA) – May 7, 2012 – Jarden Consumer Solutions (JCS), a local manufacturer of consumer products, has established its first Canada-based JCS Community Fund in Brampton, Ontario to benefit charities in and around the community. The employee-funded entity already has seven U.S. locations through which it donates approximately \$500,000 annually to help charitable organizations in those communities achieve their missions.

The Company is now accepting applications from qualified local organizations in need of assistance. Grant applications are considered on a quarterly basis by a committee of employees. To be considered for the first round of grants, organizations must submit completed applications by July 27, 2012. Guidelines for a grant application can be found on the Community page of the Company's Web site, www.jardencs.com. Charitable organizations that meet the guidelines may apply for grants by following the directions on the application.

"This first, international extension of our JCS Community Fund program reinforces our commitment to deliver hope and provide solutions for improving the lives of those in need in the communities in which we operate," stated Rocki Rockingham, JCS vice president, community relations and communications. "We are proud of our employees' generous support of the fund, which has enabled us to extend the reach of this worthwhile program into Canada to make an even larger impact than ever before."

The JCS Community Fund is the Company's employee-funded charitable giving entity. As a 501(c)(3) organization, the Fund provides monetary grants to qualified charitable organizations that focus on community development (at-risk women, families and youth, and food programs) and serve the communities where JCS employees live and work.

Jarden Consumer Solutions (JCS), a subsidiary of Jarden Corporation (NYSE: JAH), is a leading consumer products company that designs, manufactures and markets, nationally and internationally, a diverse portfolio of consumer products under world-class brands such as Bionaire®, Crock-Pot®, FoodSaver®, Health o meter®, Holmes®, Mr. Coffee®, Oster®, Patton®, Rival®, Seal-a-Meal®, Sunbeam® and VillaWare®. JCS is headquartered in Boca Raton, Fla., and employs over 13,000 people in 11 countries.
