FOR IMMEDIATE RELEASE

**JARDEN CONSUMER SOLUTIONS EXPANDS BREADTH OF BRAND AND PRODUCT OFFERINGS
Completes Purchase of Certain Assets from the Bankruptcy Estate of Lakewood Engineering and
Manufacturing Company, Inc.**

BOCA RATON, Fla. – June 22, 2009 – Jarden Consumer Solutions (JCS) announced today it has completed the purchase of certain assets from the bankruptcy estate of Lakewood Engineering and Manufacturing Company, Inc. (Lakewood). The transaction expands and diversifies JCS' portfolio of strong products and brands, further solidifying the company's position as a leading global provider of consumer products.

Lakewood manufactured and marketed electrical fans, portable heaters and humidifiers. The purchase of Lakewood's equipment, trademarks and other intellectual property bolsters JCS' scope of product categories by adding a brand that is well known in the fan, heater and humidifier product categories. This asset purchase also further differentiates JCS' portfolio to become an even more meaningful player in the trade within the home center category and expands the company's reach in the retail environment. As a result of the acquisition, new jobs will also be created at one of the company's US-manufacturing facilities for added capacity in fans.

Commenting on the addition of the Lakewood assets, Jarden Consumer Solutions' President and Chief Executive Officer, Andrew C. Hill said, "Today's announcement complements Jarden Consumer Solutions' long-term growth plans and continues to strategically augment the company's portfolio by expanding its existing reach into the fan and heater category. This further strengthens and differentiates Jarden Consumer Solutions in the highly competitive retail environment."

To meet consumers' needs, JCS continues to build upon its reputation by identifying world-class brands that expand the company's breadth of offerings and that are uniquely positioned to meet the demands of the marketplace. The addition of these assets remains consistent with JCS' vision to become a leading supplier of branded consumer products.

Jarden Consumer Solutions (JCS), a subsidiary of Jarden Corporation (NYSE:JAH), is a leading consumer products company that designs, manufactures and markets, nationally and internationally, a diverse portfolio of consumer products under world-class brands such as Bionaire®, Crock-Pot®, FoodSaver®, Health o meter®, Holmes®, Mr. Coffee®, Oster®, Patton®, Rival®, Seal-a-Meal®, Sunbeam® and VillaWare®. JCS is headquartered in Boca Raton, Florida, and employs more than 10,000 people in 15 countries. More information about JCS can be found on the Web at www.jardencs.com.
